VM4E Master Electric

Violin

A formidable acoustic/electric violin for players who are expected to push boundaries in all situations.

This instrument combines the latest in our carbon fibre/wood construction technology with our unique pickup design giving it the advantages of a light weight with a responsive, powerful and open sound.

The VM4E is ideal for players who have off-board preamps and want a versatile, uncomplicated instrument that plays well and sounds great in any situation – acoustically or electrically.

Features

1. Electric and Acoustic
2. Unique high output pickup
3. Excellent feedback rejection
4. Easy, low cost maintenance
5. Ultra robust, modern construction
6. Unique carbon fibre/wood construction
7. Unaffected by heat and humidity
8. Stable tuning in all conditions
9. Professional strings
10. Comes with 2 bridges (wood and carbon fibre)
11. Australian designed and manufactured
12. Limited Lifetime Warranty

Technical details:

Overall length: 586 mm
String (Scale) length: 330 mm
Overall depth (incl bridge): 90 mm
Upper bout: 168 mm
Lower bout: 205 mm
Typical weight: 470g

Construction:

Materials: wood neck and carbon fibre/wood body.
The high strength to weight ratio of carbon fibre means the instrument is lighter, louder and more responsive than the all wood equivalent.

Finishes: Epoch Instruments use the latest hi-tech, durable 2-pack finish. The VME violin has a total matching full gloss finish

Colours:

Traditional.
Pearl: White, Yellow, Calypso Blue, Burnt Orange, Red, Black
Effect: Marble and Chameleon

VM4E-RP

Electronics:

This is a passive instrument with our unique piezo based pickup embedded in the treble sound post.

The output jack is located on the side of the lower left bout.

Output/sensitivity: 1 meg ohm
